## How Does Your Company Rate?

The Chamber of Commerce of Huntsville/Madison County and the North Alabama Society for Human Resource Management (NASHRM) are searching for the area's "Best Places to Work." Rankings are based on a survey that asks employees to rate their company on the following:

- Team Effectiveness
- Alignment with Goals
- Individual Contribution
- Trust in Senior Leaders
- Work Engagement
- Retention Probability
- Trust with Co-workers
- Manager Effectiveness
- Feeling Valued
- People Practices

Any company in the Huntsville/Madison County area with 25 or more local, full-time employees can participate.

Surveys will be administered and results will be tabulated by Quantum Market Research, a specialist in measuring workplace satisfaction.

Anonymity is guaranteed regarding participation and results. Surveys will be conducted Feb. 9-March 6.

On Thursday, April 16, 2009, the Chamber, NASHRM, and the Best Places to Work sponsors will host a high-energy awards luncheon to unveil Huntsville/Madison County's outstanding companies whose benefits, policies and practices are among the metropolitan area's best. It will begin at 11:30 a.m. at Huntsville's newest hotel, **The Westin**, located at Bridge Street Town Centre in Cummings Research Park.
