HOW CAN **TLG** **BENEFIT** *you?*

Doing the Right Thing!

Our integrity is our single greatest asset and the cornerstone of our values. TLG strives to make sure that all our business endeavors produce wins for our clients and our company. That means taking the long view of your needs and helping you make the right choices for technology and equipment.

Serious Customer Service

The customer is at the core of all our business practices. How do we best help you, is the focal point in our approach to helping companies in North Alabama succeed. TLG is more than just parts and supplies, we are also here to help you make smart decisions and we have a vested interest in your success. We back all our products and services with a written guarantee – and we stand behind our products, people and service.

Cutting Edge Technology

The right choices in tools and technology can make a tremendous difference in efficiency and add to the bottom line. As your strategic partner TLG will help keep you up to date on the latest developments from our manufacturers like Canon and Lexmark that benefit you. We give you the tools to help reduce the cost of ownership, improve productivity and minimize the environmental impact.
