**Intuitive Research and Technology Corporation Awarded
Task Order to Support US Army Aviation and Missile Research,
Development, and Engineering Center**

HUNTSVILLE, AL – September 22, 2008 – Intuitive Research and Technology Corporation (*INTUITIVE*) is pleased to announce the award of a \$127 million Task Order in support of the Aviation and Missile Research, Development, and Engineering Center (AMRDEC) Engineering Directorate. The direct award was made on 10 September 2008 through *INTUITIVE*'s Prime AMCOM EXPRESS BPA. After receiving notification of the award, Mr. Harold R. Brewer, cofounder and President of *INTUITIVE*, stated:

“It is a privilege that *INTUITIVE* has been given the opportunity to continue supporting the U.S. Army Aviation and Missile Research, Development, and Engineering Center Engineering Directorate. Our staff is committed to the success of AMRDEC Engineering Directorate programs and through this effort will continue to assist in providing our ultimate customer, the Warfighter, with exceptional tools, systems and equipment.”

The *INTUITIVE* Team will provide the AMRDEC Engineering Directorate with program management, costing, review and analysis, financial management, contract development, data analysis and management, systems engineering, engineering, product development/design management, production management, logistical management, product assurance, configuration management, program verification and validation, scheduling, sustainment activity management, testing and software management.

Intuitive Research and Technology Corporation, a certified 8(a) Company and Small Disadvantaged Business, provides a myriad of services in programmatic support, systems engineering, product development, production systems support, rapid prototyping, and technology management solutions to the Department of Defense, government agencies, and commercial companies.
