### APARTMENT COMMUNITY FOCUSING ON CORPORATE SUITES HOSTS RIBBON-CUTTING

Abby Glenn~A Quiet Cove Apartments and Corporate Suites, located at 180 West Dublin Drive, Madison, AL 35758, will host its official Ribbon-Cutting Ceremony and Grand Opening on September 24, 2009 from 3-5 p.m. at the property location. This gala event ushers in and is reflective of the changing fabric of the Huntsville area in line with the 2005 BRAC Act and its impacts on the local market.

The property's new ownership spent the last 18 months implementing significant capital improvements, re-branding the property and changing the name to amplify the property's greatest asset, that it is quiet. The owners also added to the level of customer service provided, to reposition the property to the high quality property it is today. Most notable is the property's business model focusing on Corporate Suites.

"Abby Glenn~A Quiet Cove Apartments and Suites caters to the business professional on short-term assignment at the Arsenal, or to people transitioning to the area in need of temporary housing before settling into a permanent residence," Jane Pavis, the property's Corporate Suites Manager said.

Steve Gouletas, representing the property's ownership group, stated this business model is perfectly suited to the Huntsville and Madison areas.

"People are interested in making a smooth transition to a new area," Gouletas said, "at Abby Glenn~A Quiet Cove we offer an elegant atmosphere and a 'home away from home' where a relocating executive can feel instantly comfortable. We offer short-term (month-to-month leases) in fully equipped, furnished apartments. Our suites are more than a hotel suite, but rather an entire apartment furnished with full kitchen and all accoutrements, dishes, pots/pans, silverware.....you name it. We also provide linens, bedding, towels, a TV and DVD player, desk and Internet in all our suites. Lastly, we thought of everything a business traveler needs with three work-surfaces in each corporate apartment."

Gouletas boasted that this particular property has an outstanding location, just minutes from Huntsville International Airport, I-565, the Redstone Arsenal and Cummings Research Park. Finally, and perhaps most importantly, the property has a QUIET atmosphere. It is conveniently located yet it is tucked away on a quiet street and features all one-story buildings so his property is quieter than the competition! "There's nothing quiet like it," he said.

"Our suites are reasonably priced as well," Pavis said, "far below the typical Corporate Suite company's or a hotel's rates."

To see the property, please register to attend the property's Grand Opening and Ribbon-Cutting Ceremony on September 24 from 3-5 p.m. There will be property tours, local dignitaries, and food and refreshments. To register, call (256) 461-1600. Registration deadline is September 21.
