Chamber of Commerce of Huntsville/Madison County

The CEO Roundtables are a confidential forum designed to allow small business leaders to share their experiences with a diverse group of peers with less than 250 employees. The goal is to grow, expand and create an overall positive impact on small businesses.

Offered only to top decision makers of small and medium-sized companies, the CEO Roundtables are formed using the following criteria: number of employees, sales, type of business and experience level of the CEO or principal.

Competitors, customers, suppliers or contractors are not placed in the same group with one another, and all discussions are completely confidential. Meeting dates, locations, formats and the direction of the group are set by the members.
