MartinFederal Consulting, LLC (MartinFederal) Named to TOP 500 Emerging Small Business & TOP 500 Veteran Owned Small Business List for 2010

In recognition of the economic power of privately held businesses, DiversityBusiness.com, the nations' leading business-to-business monitoring organization, recently named **MartinFederal** as one of the top small businesses in the United States.

This is the 10th annual listing of the **Nation's** top businesses by DiversityBusiness.com. Companies listed on the Top Business Lists represent the Nation's top multicultural earners and challenge the long-held notion that a privately held business is small or insignificant. Winners are sought after by major corporations and federal agencies wishing to increase spending with small businesses.

"Entrepreneurs are a growing force in the U.S. economy, and a force to be reckoned with," said Kenton Clarke, CEO of Computer Consulting Associates International, the company that built DiversityBusiness.com. This is a whole business segment that can carry its own, that provides jobs, products and services, and generates wealth for their communities. These are the new leaders in American business."

When we spoke with Mr. Corey Martin, MartinFederal's President & CEO, via telephone, he stated "this is an exciting moment for me, a great accomplishment for MartinFederal, and a long way from the third bedroom of my childhood country home where MartinFederal Consulting was initially conceived. I am very proud to be at the helm of an organization that is gaining notoriety for being a quality responsive ally to the federal government. These awards are not solely due to me or my management staff, but are a direct reflection of the pride and quality of work performed by our family of employees – this is truly a gratifying moment for me".

The List

This List is a classification that represents the top small businesses in the U.S., in sectors such as technology, manufacturing, food service and professional services. Large organizational buyers throughout the country that do business with multicultural, small and women-owned businesses use the list. The List is produced annually by DiversityBusiness.com, the nation's leading multicultural B2B monitoring organization that links large organizational buyers to multicultural product and service suppliers.

The winning companies will be honored at a special awards ceremony at DiversityBusiness.com's "10th Annual National Multicultural Business Conference", taking place April 27 - 29, 2010 at the Gaylord Resorts, Washington, DC.
