PRESS RELEASE

(Huntsville, AL) – Yulista Management Services, Inc. is proud to announce that it has established an annual scholarship program with the University of Alabama Huntsville to promote and recognize academic efforts in the areas of engineering and program management. Yulista has initiated an annual scholarship award available to upper division undergraduate students in the fields of Engineering and Management. These awards are available on a renewable basis to full-time students, along with an internship program intended to prepare them for a career in the area of aerospace program performance. Additional information is available to interested students from the Financial Aid Office of the University.

Yulista Management Services, Inc. is a wholly owned subsidiary of Calista Corporation, an Alaska Native Corporation, with over 650 employees in North Alabama. Yulista provides a variety of support, maintenance, and modification services to various DoD offices, including rotary wing and fixed wing aircraft, combat support vehicles, and other applications. Yulista Aviation, Inc., an affiliate, operates an FAA Part 145 aviation repair facility at Madison County Executive Airport, and is certified under AS9100 and AS9110.
