

Domino Dynamics

- 1) What organizations will be hardest hit by BRAC's Domino Dynamics?
 - a. Government agencies
 - i. Government employees will transfer to contract jobs
 - ii. There will be more competition for contracting jobs (mainly tech jobs)
 - iii. There will be intraspecific competition
 1. going to have to recruit more workers
 2. MDA moves with a requirement for skilled workers
 3. they must find those workers amongst the existing workers
 - b. Contractors
 - c. Universities
 - d. Communities
 - e. Engineering companies
- 2) What is the likelihood that Leading Edge organizations (particularly NBIC, Biotech, Info Tech, and Cognitive Sciences) will be hit by these dynamics?
 - a. The likelihood is very high
 - b. There will be workplace cannibalism
 - c. There will be a requirement for more skilled workers

d. The dynamics are already here

i. We are already struggling to find talented workers

3) Where might these strategies be?

a. BRAC town hall committees

4) Where might these strategies be: ineffective, prey to unanticipated consequences?

a. Whatever strategy you do, there have to be so many things that fit together

b. There is the chance that the people still might not come

c. If the trips are too successful, we may not be ready (school size, infrastructure, roads, etc.)

5) Solutions

a. Get various communities together to anticipate the impact
